1. Introduction

[Seoul Campus]

[Yongin Campus]

Since its foundation in 1948, more than 130,000 graduates have left Myongji with confidence that their knowledge and genuine consideration for others will make the world a better place. As a private university founded upon Christian faith and values, we are proud to have been a home to our graduates who are now playing significant roles inside and outside Korea in their professional fields.

Seoul Campus has a world-class education with a state-of-the-art ubiquitous educational environment and is also located in the Seodaemun district in the center of Seoul. Its proximity to the area of Shinchon, known as a university town rich in youth culture, allows students to share their energy, passion, and creative ideas in their personal growth. Students may deepen and enrich their academic and social experiences by collaborative activities with other students from nearby universities. It has colleges of Humanities, Social Science, Business Administration, Law, and ICT Convergence in university.
Yongin Campus The City of Yongin, where the Natural Science Campus is located, is known as the biggest of the educational cities in the metropolitan area. Known as the center for Korea's high-techindustry, Yongin has been a popular destination for the semiconductor industry, and many other high-tech-relates facilities. Also, a state-of-the-art 'SK Hynix Semiconductor Complex' will be built near the campus. It is also endowed with rich elements of cultural heritage, attracting many foreigners to experience Korean culture and traditions. It has colleges of Natural Science, Engineering, Arts and Physical Education Architecture, and ICT Convergence in university.

International Education Quality Assurance System

Myongji has been designated by the Korean Ministry of Education as an institution accredited to receive and manage international students for its excellence in teaching and administration
(International Education Quality Assurance System 2014~2020).
